Ocean Light

[Intro]

Golden sky above the sea

Endless waves are calling me

Drifting where the horizon shines

Leaving all the noise behind

[Verse 1]

Feel the breeze, feel the tide

Moving slowly side by side

Every color in the air  
Turns a moment into prayer

[Pre-Chorus]

Far away from every sound  
Only peace is all around

[Chorus]

Ocean light, carry me away  
Through the colors of the fading day  
Ocean light, let my spirit fly  
Over endless water and the open sky

[Drop]

Oh-oh-oh, ocean light  
Oh-oh-oh, shining bright  
Oh-oh-oh, set me free  
Only waves and dreams with me

[Verse 2]

Sunset dancing on the sea  
Painting paths of gold for me  
Every wave and every spark  
Guides me through the coming dark

[Pre-Chorus]

Far away from every fear  
Only calmness living here

[Chorus]

Ocean light, carry me away  
Through the colors of the fading day  
Ocean light, let my spirit fly  
Over endless water and the open sky

[Drop]

Oh-oh-oh, ocean light  
Oh-oh-oh, shining bright  
Oh-oh-oh, set me free  
Only waves and dreams with me

[Bridge]

Floating on a sea of gold  
Watching silent stories unfold

Nothing more that I need tonight  
Just the ocean and the fading light

[Final Chorus]

Ocean light, carry me away  
Through the colors of the fading day  
Ocean light, let my spirit fly  
Over endless water and the open sky

[Outro]

Golden sky above the sea  
Endless waves are calling me  
Ocean light, ocean light  
Stay with me through the night

Para vídeos relaxantes de praia, costuma funcionar melhor uma música **electronic chill, tropical house, ambient house ou melodic chillout**, com poucos versos e bastante espaço instrumental. Assim, você pode repetir os refrões e estender a faixa para vários minutos sem cansar quem está assistindo.

## SUNSET CURRENT

[Intro]

Slow tide...  
Golden sky...  
Fade away...

[Verse]

Waves are breathing on the shore  
Time is nothing anymore  
Light is dancing on the sea  
Pulling silence over me

[Build]

Drifting, falling, letting go  
In the warmth of amber glow  
Every second melts to gold  
In this quiet ocean hold

[Chorus]

Sunset current, take me down  
Where the sky meets water sound  
Sunset current, carry me  
Into endless harmony

[Drop]

Ahh... ahh...

In the light we fade

Ahh... ahh...

Ocean-made

[Verse 2]

Footprints vanish in the sand

Like a dream we barely planned

Air is soft against the skin

Let the calmness pull me in

[Build]

No direction, no control

Only waves around my soul

Every color overflows

Where the evening water goes

[Chorus]

Sunset current, take me down

Where the sky meets water sound

Sunset current, carry me

Into endless harmony

[Extended Drop]

Ahh... ahh...

Sunset slow

Ahh... ahh...

Let it flow

Ahh... ahh...

Fade to gold

Ahh... ahh...

Let it hold

[Bridge]

Nothing left to chase tonight

Only ocean, only light

Breathing with the rolling tide

Everything is open wide

[Final Chorus]

Sunset current, take me down

Where the sky meets water sound

Sunset current, carry me  
Into endless harmony

[Outro]

Slow tide...

Golden sky...

Fade away...

Fade away...
